WORK EXPERIENCE:

QADS – Digital Marketing Company

Flutter Developer | Jan 2024 – Present

- Proficient in Android app and Web app development with Dart, building efficient and scalable applications.
- Experienced in API integration and using third-party libraries.
- Skilled in Android UI/UX best practices for seamless design and optimal performance across devices.
- Strong experience in integrating RESTful APIs, Firebase, and third-party services for backend communication.

PROJECTS:

Ennuvathellam Uyarvu

Link: https://play.google.com/store/apps/details?id=com.qads.ennuvathellam_uyarvu

Description :

Ennuvathellam Uyaruv is a motivational platform offering inspiring speeches, audio, and video content to help users achieve personal growth and success. The application features subscription-based model, allowing users to access premium motivational content seamlessly.

Role and Responsibilities :

- Revamped the UI for improved user experience and design consistency.
- Applied UI changes across multiple screens.
- Updated APIs to support subscription payments and optimize content delivery.

Karaikudi Hiring Summit

Link: <https://play.google.com/store/apps/details?id=com.app.localJobFinder>

Description :

Karaikudi Hiring Summit is a user-friendly job platform that connects employers with job seekers within their local communities. Employers can easily post job openings, and employees can search, apply, and get hired for nearby opportunities. The app simplifies the hiring process by making local job discovery quick, easy, and efficient for everyone.

Role and Responsibilities :

- Designed and developed user-friendly UI screens using Flutter.
- Integrated RESTful APIs for authentication, job posting, and applications.
- Implemented and tested complete modules for smooth app performance.

Step Shopping

Link: <https://play.google.com/store/apps/details?id=com.stepShopping.userapp>

Description :

Step Shopping offers a guided shopping experience that makes it easy for users to find, select, and purchase products seamlessly. With instant order processing and fast doorstep delivery featuring real-time tracking, customers enjoy a smooth and reliable service. The platform also empowers local sellers by connecting them directly with customers, providing secure payments, easy order management, and dedicated support to help businesses grow.

Role and Responsibilities :

- Developed the full UI for a seamless and user-friendly shopping experience.
- Streamlined user flows to simplify browsing and checkout.
- Collaborated with developers to ensure accurate UI integration.

CERTIFICATION:

Completed the 'Mastering Software' certification from Blue Ball Technologies.
